About Austin Health

Austin Health is one of Victoria's largest health care providers. Comprising the Austin Hospital, Heidelberg Repatriation Hospital, Royal Talbot Rehabilitation, Hospital in the Home and community based health services; Austin Health is an internationally recognised leader in clinical teaching, training and research, with numerous university and research institute affiliations.

Austin Health employs near 9,000 staff across its sites; including over 1,600 doctors and 3,000 nurses, and delivers a full range of leading edge clinical services, including several state-wide services (liver transplant, spinal cord injury service, respiratory support service, child inpatient mental health service). In total, Austin Health provides over 900 beds, including mental health, aged-care and rehabilitation beds and a range of community and in the home services. The current annual operating budget is in excess of \$960 million.

Austin Health delivers vital state-wide services to all Victorians, including to diverse multicultural and veteran communities. It also provides community and specialty services to the people of Melbourne's north-eastern corridor in a safety-focused, team-oriented and stimulating work environment.

Austin Health's current vision is to change healthcare for the better through world class research, education and exceptional patient care.

Our values define who we are, shape our culture and the behaviours, practices and mindset of our people. Our values are: Our actions show we care, we bring our best, together we achieve and we shape the future. www.austin.org.au/about-us

Austin Health is committed to providing an inclusive culture where all employees can contribute to the best of their ability and strive to develop further. Find more at <http://www.austin.org.au>

Position Purpose

The Neurology/ABI Units cater for people who have had a variety of neurological conditions, including traumatic brain injuries, tumours, GBS, MS, hypoxia and strokes. The registrar in the Neurology/Acquired Brain Injury (ABI) position manages all relevant patients within the ABI and Mellor units with the support of the Consultants, and in doing so, ensures patient-centred, high quality, clinically appropriate care is delivered, at the right time and in the right place. The registrar will also supervise the HMO and the patient care provided by the HMO.

About the Rehabilitation Unit

Royal Talbot Rehabilitation Centre, the rehabilitation campus of Austin Health, is a specialist rehabilitation centre of international standard, providing a comprehensive and co-ordinated range of services to clients with a wide range of needs. These include inpatient, outpatient and domiciliary programmes for people with spinal cord injury, acquired brain injury, amputations, multiple trauma, orthopaedic and neurological conditions.

Purpose and Accountabilities

Role Specific:

- Direct responsibility for all patients in the ABI Rehabilitation Unit.
- *Responsibility for care of all patients in Neurological Rehabilitation Unit through supervision of HMO. Some direct patient care responsibility will be required to ensure equal division of work.*
- Take a leadership role in team coordination under the direction of the relevant team consultant
- Participation in the relevant Royal Talbot on-call roster.
- Attendance at ward rounds, case conferences, family meetings, outpatient clinics.
- Attendance at Neurological Ward rounds at the Austin campus where appropriate.
- Assessments of patients as regards suitability for rehabilitation.
- Responsibility for completion of discharge summaries, and liaison with GP and the patients' specialist if required.
- Attendance at Wednesday afternoon teaching sessions - Australasian Faculty of Rehabilitation Medicine training program.
- Participation in the on-site teaching program.

To liaise with:

- Medical, Nursing and Allied Health staff, ensuring patient-centred, high quality, clinically appropriate care is delivered to the right person at the right time and in the right place

- Ensure a high level of work quality; develop, implement and monitor quality improvement activities within the department/ward, in accordance with Austin Health Policies as varied from time to time.
- Ensure safe work practices and environment in accordance with Austin Health Policies as varied from time to time.
- Report incidents or near misses that have or could have impact on safety and participate in the identification and prevention of risks.
- Participate in emergency incident response activities as required.

All Employees:

- Comply with Austin Health policies & procedures, as amended from time to time, which can be located on the intranet (The Hub): <http://eppic/>
- Report incidents or near misses that have or could have impact on safety - participate in identification and prevention of risks
- Comply with the Code of Conduct

Selection Criteria

Essential Knowledge and skills:

- A commitment to Austin Health values
- MBBS or equivalent
- Registered to practice Medicine in Australia
- High-level English communication skills (both written and verbal).
- A demonstrated commitment to high quality patient care.
- A demonstrated commitment to teaching.
- Minimum of three years hospital training following graduation

Desirable but not essential for Performance in the Position

- Preference will be given to practitioners registered as trainees in the AFRM Fellowship program.

General Information
