Position Purpose

The successful appointees will be rostered to undertake a variety of rotations such as General Medicine Registrar, Peri-Op Registrar, and Registrar in Sub-specialty Medicine e.g. Cardiology, Intensive Care, Renal, etc. Each of these rotations have specific requirements and specific position descriptions, and may be across the Austin and Northern Health campuses. There are also specific rotations at Mercy Hospital and Warringal Private Hospital.

Advanced Trainees in General Medicine are expected to actively participate in the educational activities of candidates for the FRACP exam. The Advanced Trainee will assist the Elizabeth Austin Registrar with organising exams and teaching programs for the candidates and providing feedback to the candidates to assist their development.

Advanced Trainees in General Medicine are also expected to provide education to Basic Physician Trainee, HMOs and medical students. The candidates are required to provide teaching both at the bedside and in formal settings.

Advanced Trainees in General Medicine may be rostered to do additional or separate duties outside of General Medicine that would be compatible with General Medicine Training.

As part of their appointment, Advanced Trainees in General Medicine are expected to complete a research or clinical project.

About the Department

The Department of General Medicine provides services to in-patients and out-patients of Austin Health. The Department admits patients under the General Medicine bed card and provides outpatient services via outpatient clinics. Service is also provided to ambulatory patients in the Ambulatory Care Centre and in the Emergency Department. The Department also provides a consult service to other units within the hospital. The Department of General Medicine also serves as the training ground for junior doctors who are aspiring to Fellowship of the RACP and for Advanced Training in General Medicine.

The Department of General Medicine has Advanced Trainees in General Medicine who are appointed to rotations ranging from 6 months in Sub-Specialty Medicine, General Medicine or other areas of Medicine that may be of relevance to General Medicine e.g. Obstetric Medicine.
